### FROM OUR PRESIDENT, DOUG CARPENTER

Where is the Verizon cell tower that was supposed to be built on Carpenter Ridge? I have received at least a dozen inquiries from community members about it, and want to give you an update.

In late October of last year, the Butte County Planning Commission approved a minor use permit for “Complete Wireless Consulting, Inc.” to build a Verizon cell tower off Humboldt Road on what is known as Carpenter Ridge near “Little Summit.” Lots of folks are hoping for cell coverage in Butte Meadows. So where is it? The answer has been hard to obtain. Complete Wireless Consulting seems adverse to answering phone calls or emails.

Here is what I have pieced together: Sierra Pacific informed me that Verizon just completed a new tower in Forest Ranch. That tower is part of a chain that includes the proposed Carpenter Ridge tower. The Forest Ranch cell tower is near the school, and I must say it is really cool. It is built to look like a giant fir tree with large metal rods for branches and what looks like thinly cut lacy metal or plastic needles. The top of the tree looks like a needle-covered menorah. Worth a look! (Sorry for the diversion.) Finally I reached someone in the Butte County Planning Department who thinks construction of the Butte Meadows’ tower will begin this spring. Since Verizon’s permit expires in October of this year, they are anticipating an October completion date – but gave no guarantees. I hope this explanation helps.

**OTHER BOARD MATTERS:**

**Come to find out** that the January Newsletter did not mention an important note from the November 4, 2016 Board meeting. At that meeting BK Brooks made a motion that the outdoor table area at the Butte Meadows Volunteer Fire House be named *The Logging Camp Picnic Area* in memory of our area’s history of logging operations. The motion was voted on and passed. The Board directed that an appropriate sign be made and installed, hopefully before the Omelet Breakfast in September.

**Speaking of Motions:** At the March 17 Board meeting, Jim Sheets made a motion to amend a short section of the BMJCA Bylaws, specifically in the safety section of the Primary Goals. The clause in question now reads “To encourage the creation, maintenance and enforcement of the recommended defensible fire space around all community dwellings and out-buildings.” The amendment would remove the words “and enforcement”. After a short discussion the motion was voted on and passed and will now be voted on at the Annual Association Membership Meeting after the Omelet Breakfast in September. This notice will also appear in the upcoming July BMJCA Newsletter.

## IN THE PUBLIC INTEREST

**A Notice from Sierra Pacific Industries:** Most of you probably read the article in the January *Mountain Messenger* about the suspension of wood cutting permits on SPI lands because some individuals from a nearby community cut standing trees that had been left to support wild life. However, SPI is now considering opening fire wood cutting for Butte Meadows this fall. The area being considered is along Humboldt Road just before one passes the CalFire Station. Interested parties should periodically check with Bill Kelso at the Mercantile since SPI usually entrusts him with the wood cutting permits. This consideration by SPI does not imply that any wood cutting will be permitted after the 2017 fall cutting season. Remember: Do **NOT** cut beyond the designated cutting area and do **NOT** cut standing trees dead or alive.

**A Note from our friends in Jonesville:** Most likely, some people noticed that any mention of the 2017 Jonesville Stage Coach Days was omitted from the calendar of events on page 4. The reason for that omission is that plans are in the works for some renovations and upgrades on the Jonesville Hotel exterior areas. But the contractors have not yet given a timetable for the work to begin or end. Hopefully a date for that annual fundraiser will be chosen and announced in time for the July BMJCA Newsletter.

***Editor's Note: The following letter was written on March 3 and is addressed to the BMJCA Board and Membership. It tells a poignant story of fond memories. Enjoy.....***

Dear Friends,

We received the BMJCA Annual Membership Form and were prompted to send a message about the transfer of ownership of our Jonesville cabin "Raycraft's Retreat".

After many years and bountiful memories, it became clear it was time to pass the cabin from our stewardship to a new family. Headed by a very nice gentleman from Chico with grown children and grandchildren who live nearby – their love for the Jonesville area runs deep. It was both sad to leave our storybook haven behind us and reassuring that this new family is the perfect match for Raycraft's Retreat.

We are forever grateful that Walt's late Grandparents, Helen and Vince Raycraft, had the foresight to know what a blessing the cabin would be to our family and friends who would enjoy it during the next 60 years. Our little slice of heaven has been a source of joy and a peaceful, friendly place to spend our recreation time. Poignant memories of sitting by the warming fires, fishing in the creeks and streams, mountain biking down the fire roads, climbing the watchtower, the 4<sup>th</sup> of July Parade, end of summer Pancake Breakfasts, BBQ and Burger Baskets at the Outpost, quick-stops to the Tank House for supplies, peaceful walks, and **of course...***the endless maintenance tasks*, will be among our fondest memories.

Continued on page 7

We look forward to future trips to visit friends old and new and enjoy the fresh mountain air. Enclosed is our membership form (so we can stay on the newsletter list) along with our donation to the fund – given in the name of our late, beloved brother Greg Wellsfry. Although we are no longer owners, Butte Meadows-Jonesville and our friends there will forever occupy a special place in our hearts.

Thank you for all the memories!

Sincerely from our hearts to yours,

[Signed] Leslie and Walter Wellsfry, our sons Chase and Will Wellsfry, Ralph and Marilyn Wellsfry, the late Greg Wellsfry, his widow Natalie and children Sarah and Matthew Wellsfry.
